ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Sales Are Conducted As Follows:

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for each sale. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

**YOU WILL WANT A PRICE LIST OF THIS SALE
TO KNOW WHAT COINS ARE BRINGING
PRICE LIST OF SALE \$1.00**

IS THIS YOUR FIRST AUCTION CATALOG?

**21st EDITION (1968) GUIDE BOOK, (1965) PAPER MONEY 5th EDITION
"TRENDS" AND OTHER AUCTION RECORDS USED IN CATALOGING.**

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical values. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, CURRENCY, ETC. ARE ESTIMATED AT CATALOG).** In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.50. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth, or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them, as well as any compliments.

Please allow up to two weeks for receipt of coins, unsuccessful bidder will be notified.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION**

BARGAINS

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots", yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, (yes we receive some now and then), we want to hear them. Having cataloged over two hundred seventy-five successful coin sales, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 10c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

GOLD DOLLARS**BECHTLER DOLLARS OF CAROLINA 1830-1852**

The first gold dollars to be struck and circulate in the United States. Their ready acceptance influenced the adoption of the gold dollar by the U. S. Gov't. in 1849.

1. **ONE DOLLAR CAROLINA**, 28 gr., "N" reversed, near Uncirculated with luster (evidence of contact with another coin). **THE FIRST GOLD DOLLAR IN THE U. S.!** Popular. 225.00

2. **ONE DOLLAR N. CAROLINA**, 28 gr., normal "N", **WITHOUT STAR**. Accompanying it is: "Pacific-Northwest Convention sale May, 1960 — One of the best condition ones of this rare coin I have seen. Only the slightest amount of wear. From what I have seen other coins much commoner go at, I would say this could bring \$750.00." The intervening 8 years has increased the interest in this historical series, as well as impounded some in museums, institutions and foundations. Unfortunately, so few specimens come upon the market that is difficult to relate theoretical values with real values. This choice specimen probably now worth closer to 1,000.00

3. **ONE DOLLAR N. CAROLINA** (smaller letters) 30 gr., a choice near Uncirculated specimen with only slight friction. Easily with 300.00
4. (1842?) **1 DOLLAR CAROLINA**, 27 gr., 21 carats, near Uncirculated. Cost 225.00

This could be the V. FINE 25 coin Dr. Sheldon refers to in his book as SECOND TO THE BEST ONE KNOWN? Price \$2,500.00." | <p>175. 1796 S-88, LIBERTY CAP, acquired as "SECOND FINEST KNOWN". Dr. Sheldon's "Condition Census Scale" lists a very fine 20 coin as second finest known. Acquired at \$950 in 1960, the owner values it presently at \$2500. We believe a more realistic value for this rarity is probably somewhere between the \$950 and \$2500; probably around</p> | 1,700.00 |

SHIELD TYPE NICKELS

Struck to replace the smaller silver 5c (as was the 3c nickel to replace the small 3c silver). While the 3c nickel was authorized 1865, we have never been able to find out why the authorization for the 5c nickel was delayed until 1866. Many interesting patterns exist—some of which were acquired to give variety to this series.

300. 1865 J-416, Famous "TRANSITIONAL NICKEL", exact type 1866 with Rays, BRILLIANT BLuish PROOF. ONLY 4 TO 12 STRUCK (rarer than 1867 rays proof worth around \$5,000). Acquired 1959 at \$1400.00. In checking records and ads that year we note that there was a specimen in the A.N.A. Convention Sale in August, 1959 that realized \$1400.00. This could very well be that specimen. Should now realize somewhat more.

LIBERTY HEAD NICKELS

The Liberty head design inaugurated with the gold in 1839 was continued in the silver with the dollar in 1878, the half-dollar, quarter and dime in 1892 and nickel in 1883. The initial nickel design without "CENTS" created problems due to gold-plating and passing as \$5 gold pieces which it resembled on the obverse. It was soon redesigned to include "CENTS".

DIMES

- | | | |
|------|---|----------|
| 461. | 1796 15 STARS, SMALL EAGLE, LOVELY BLUE AND PURPLE PROOF SURFACE, INTERESTING DIE BREAK IN LEFT FIELD. A MOST REMARKABLE SPECIMEN OF THIS POPULAR "TYPE" COIN. Variety with 4 berries. The Merkin Sale specimen (April 1, 1966) with similar surface in a New York public sale realized | 5,600.00 |
| 462. | 1797 13 STARS, SMALL EAGLE, extremely fine and sharp, pleasing patina (acquired as "about uncirculated"). RARE. PARTICULARLY SO CHOICE. | 1,350.00 |
| 463. | 1798 OVER 97, 16 STARS REVERSE (the only such reverse - a "type") extremely fine with luster. A choice specimen of this "single year type." RARE, PARTICULARLY SO CHOICE. The Merkin Sale specimen (April, 1966) gem unc. realized \$1350; this one worth about | 750.00 |
| 464. | 1798 SMALL 8 (8 much smaller than 9 and is from same punch as used on the overdate). Lot 1563 of the 1961 A.N.A. Convention Sale described there as "Extremely Fine, not far from Uncirculated. Certainly one of the finest of the six or eight specimens known." The present owner bid-in this coin there at \$2,000.00. The rarity of this coin is further confirmed by the fact that "Silver Coinages of the Philadelphia Mint" (Wayte Raymond Publications) by Walter Breen states it is a "RARITY 7 ITEM" (4 to 12 known). The outstanding dime collection in the Merkin Sale (April, 1966) did not contain a specimen. Generally attributed with the 1894-S and 1859 Transitional dimes in rarity. The 1859 Transitional catalogs | 3,000.00 |
| 465. | 1802 Very good average (date fine and bold, balance obverse good; reverse mostly fine with some portions very good). SCARCE. Catalogs v.g. | 200.00 |
| 466. | 1803 Very fine obverse, extremely fine reverse. RARE SO CHOICE. Catalogs \$475 v.f.; this specimen worth about | 600.00 |
| 467. | 1804 13 STARS REVERSE, VIRTUALLY UNCIRCULATED, ONLY BAREST FRICTION. AN OUTSTANDING RARITY MISSING IN THE MERKIN SALE (April, 1966), WOLFSON SALE (May, 1963), "WORLD'S GREATEST COLLECTION OF U.S. SILVER COINS," ETC! Rarer than the 1804 14 stars reverse. IN ADDITION TO RARITY, THIS CONDITION IS "FANTASTIC". The owner states he refused \$2,500 for this remarkable rarity five years ago. When pressed for an idea of what he valued it at, his answer was "It is at least as rare as the 1894-S (catalogs \$12,250.00)." What it might realize now, is problematical - possibly | 5,000.00 |
| 468. | 1805 4 Berries, very fine (nick). Catalogs | 265.00 |
| 469. | 1807 Bluish UNCIRCULATED, sharper struck hair and eagle than on most "uncirculated" specimens we have seen in our thirty-five years as professionals. Catalogs \$575 but the last comparable specimen we saw was | 750.00 |
| 470. | 1809 LIBERTY CAP, very fine (2 or 3 pinpoint nicks). Catalogs | 160.00 |
| 471. | 1811 OVER 9, extremely fine. | 150.00 |
| 472. | 1814 Large Date, no period after 10C, near Uncirculated. The Merkin Sale coin (April, 1966) "Brilliant Unc., struck rather weakly on a planchet full of adjustment marks, but choice" realized | 210.00 |
| 473. | 1820 STATESOFAMERICA (one word) variety, bluish golden Uncirculated. Acquired as "VERY RARE" at | 500.00 |

474.	1820 Large O, Large "C" in 10C, GLITTERING BLUE AND GOLDEN PROOF. A LOVELY SPECIMEN. Not in Merkin Sale (April, 1966) which an "1820 small o, Prooflike Unc." which realize \$350; this proof specimen should surely realize	750.00
475.	1821 Large Date, extremely fine. The Merkin Sale "Very Close To Unc." coin realized \$115 two years ago; this worth proportionately.	
476.	1821 Small date, virtually Uncirculated, only barest friction. FAR RARER THAN 1809 WHICH CATALOGS UNC. \$400; the Merkin Sale "Prooflike Unc." realized \$675; this one worth at least	200.00
477.	1822 Near Uncirculated. RARE! Seldom offered, particularly so choice. Catalogs unc.	575.00
478.	1823 OVER 22, Large E's as in 1824, BRILLIANT SLIGHTLY GOLDEN UNCIRCULATED, Sharp Stars & Beading, Sharp Eagle except claw's not fully struck up. Rare.	175.00
479.	1823 OVER 22, Small E's, bluish golden Uncirculated, interesting obverse break. VERY RARE. More than 4 times rarer than Large E's variety! Easily worth over	250.00
480.	1824 OVER 22, golden virtually Uncirculated, only barest friction. RARE.	175.00
481.	1825 GOLDEN PROOF, tiny nick. Bought 2½ years ago at	500.00
482.	1827 Bluish golden virtually Uncirculated, only barest friction. The Merkin Sale coin 2 years ago "More or less Unc., traces of obv. cabinet friction" realized	145.00
483.	1827 Re-Engraved 10C., GLITTERING GOLDEN SHARPLY STRUCK UNCIRCULATED GEM! A magnificent specimen acquired 3 years ago at \$275; should now realize over	350.00
484.	1828 Large Date, tiny serrated borders (1827 Large Serrations), Raised Edge both sides, Large 10C, golden virtually Uncirculated, only barest friction. VERY RARE. The choice unc. Merkin Sale Large Date 2 years ago realized \$580; surely this one worth at least half.	

485.	1829 Small 10c, BRILLIANT BLUISH PROOF WITH HIGH WIRE EDGE BOTH SIDES. The 1831 Proof in the Merkin sale 2 years ago realized \$550; this coin (not in proof in Merkin sale) should now exceed	750.00
------	--	--------

486.	1831 Variety with CLOSED 3 giving it the appearance superficially of being 1881, virtually Uncirculated, only barest friction. RARE.	150.00
------	--	--------

487.	1831 LOVELY GLITTERING BLUE AND PURPLE PROOF. THE MERKIN SALE SPECIMEN 2 YEARS AGO (April, 1966) REALIZED \$550; SURELY THIS RARITY NOW WORTH	750.00
------	---	--------

488.	1832 GLITTERING BLUE AND GOLDEN PROOF.	750.00
489.	1833 Golden Uncirculated, faint rub. Catalogs	100.00
490.	1833 OVER 31? blue and golden Uncirculated (last 3 appears to be over a partially removed "I". Acquired as "RARE" at	200.00
491.	1834 Large 4, bluish golden Uncirculated. Catalogs a bit low at	100.00
492.	1835 Small 10c, bluish golden Uncirculated, faint rub. Catalogs	100.00
493.	1835 Large 10C, GOLDEN PROOF but probably cleaned some years ago and now with a natural appearing patina, not quite the "depth" of the 1831 and 1832 proofs. Cost \$350 about 3 years ago; we consider this a bit "high" in comparison with the choicer 1831 and 1832 proofs.	
494.	1836 Wide 8 OVER NARROW 8, Prooflike with WIRE EDGE BOTH SIDES, bluish golden patina. Acquired as "RARE" at	250.00
495.	1837 Bust, extremely fine.	30.00

505.	1839-O Near Uncirculated. Catalogs unc.	50.00
506.	1840 Tiny date, No Drapery, extremely fine.	24.00
507.	1841 DRAPERY, Bluish Golden Prooflike obverse, PROOF reverse, SHARP STRUCK GEM! Envelope marked, "Struck from Partially polished obverse die, and fully polished reverse die - a not uncommon occurrence in early "proofs" prior to 1858". Envelope marked	500.00
508.	1841-O BROAD OBERSE BORDER, bluish golden Uncirculated. MOST UNUSUAL! Acquired as "VERY RARE". We don't recall seeing another such dime altho there is a rare 1840 \$5 gold variety similar to this. Cost	250.00
509.	1842 Tiny date, golden Uncirculated. Catalogs	37.50
510.	1842-O Very fine. Catalogs	16.00

511.	1843 LARGER DATE, BRILLIANT SLIGHTLY GOLDEN GEM PROOF! AS CHOICE AS A PROOF STRUCK IN THE 1860'S! Could very well bring near the owner's insured valuation of	1,000.00
------	---	----------

512.	1844 Bluish golden Uncirculated. RARE. Catalogs	250.00
513.	1845 Bluish golden "PROOF" (from Mehl some years ago). Evidently lying on the velvet of an old-time coin-cabinet with the obverse side down, thus imparting some "sheen" to the obverse not present on the reverse. While not of the same quality as the 1843, it is indeed a most attractive specimen. Probably worth as much as the 1848 (Microscopic signs of contact with other coins) in the Merkin Sale (April, 1966) of 2 years ago which realized	500.00

514.	1845-O Golden Uncirculated. The remarkably choice and complete dime collection in the Merkin April, 1966 sale contained only a very fine specimen cataloged as "Very Fine or thereabouts; usual flat strike. Obv. deeply toned, rev. showing old cleaning and some bag marks. Very rare grade for this mintmark; equal to the WGC (World's Greatest Collection) and Dupont pieces. UNKNOWN IN FULL MINT STATE, AND ALMOST UNOBTAINABLE ABOVE V.G.". Undoubtedly, THE CHOICEST KNOWN SPECIMEN! Easily worth	750.00
------	--	--------

515.	1846 Extremely fine. SCARCE.	85.00
516.	1847 Golden "PROOF" (from Mehl some years ago) but close inspection leads us to believe it was cleaned some time ago but now has acquired this attractive patina. Probably worth as much as the Merkin Sale 1848 specimen 2 years ago (April, 1966) which realized	500.00
517.	1848 Uncirculated with golden patina. Catalogs	40.00
518.	1849 OVER 8?, acquired as an overdate but we cannot be positive. There is what appears to be part of another numeral connecting the ball of the 9 with the loop. The 1849 OVER 8 \$2½ and 5c exist so the possibility of other denominations has persisted. Bluish golden Uncirculated. Acquired as "RARE" 2 years ago at	150.00
519.	1849 Normal date, extremely fine.	18.00

520. 1849-O Large "O", near uncirculated. SCARCE. Catalogs unc. 110.00

521. 1849-O OVER 8 ?, acquired as overdate (see lot 518), small (micro) "o", bluish UNCIRCULATED SHARP STRUCK GEM! Acquired 2 years ago as "VERY RARE" at 500.00

522. 1850 Uncirculated golden. Catalogs 40.00

523. 1851 Uncirculated bluish golden. Catalogs 40.00

524. 1851-O Very fine. Catalogs 17.00

525. 1852 Near Uncirculated. Catalogs unc. 40.00

526. 1853 No Arrows, near Uncirculated. RARE (most melted at mint). 110.00

1853 PROOF DIME

527. 1853 ARROWS, GLITTERING GOLDEN PROOF! AN OUTSTANDING RARITY and POPULAR "TYPE" COIN. The authoritative work "PROOF COINS STRUCK BY THE UNITED STATES MINT 1817-1921" by Walter H. Breen and published by Wayte Raymond 1953 lists this as "High R-7" (4 to 12 specimens). Further research narrows it down to "about 5 or 6 known" (leading authority). When the present owner was offered (and bought) this coin in 1960 at \$1500, the author of the authoritative work (Breen) inspected and verified this great rarity as a "PROOF". This is a key "type" year with arrows on the 5c and 10c and arrows-rays on the 25c and 50c. Proofs exist of the various denominations (all of great rarity) and would indeed be a "show-stopper" when properly written-up. We would not be surprised to see this remarkable rarity realize over 2,500.00

DIMES 1853-1873

528. 1853 ARROWS, arrows touch base, bluish golden UNCIRCULATED SHARP STRUCK GEM! A lovely specimen of this popular "type" coin. The half dollar has virtually doubled (\$125 to \$225) in catalog value the past year and our records indicate the dime is equally popular. This gem should realize 125.00

529. 1854 Near Uncirculated. Catalogs unc. 42.50

530. 1856 Small date, bluish golden UNCIRCULATED SHARP STRUCK. 75.00

531. 1856 Large Date, near Uncirculated, tiny nick in field. Cat. unc. 40.00

532. 1856-S Bluish golden Uncirculated, faint trace rubbing. VERY RARE SO CHOICE! Not in the famous Merkin Sale dime collection (the choicest collection to be offered). Easily worth 300.00

533. 1856-O Rare medium round "o" variety (many times rarer than Large O and small o varieties usually offered) bluish golden uncirculated. The choicer Merkin Sale (April, 1966) coin realized \$85; 2 years later this coin could now approach the same price of 85.00

534. 1857 GLITTERING BLUE AND GOLDEN PROOF WITH WIRE EDGE! ONE OF THE CHOICEST OF THE FEW KNOWN SPECIMENS! THE MERKIN SALE COIN (April, 1966) 2 YEARS AGO REALIZED 600.00

535. 1857-O DOUBLED DATE, Brilliant slightly bluish UNCIRCULATED SHARP STRUCK GEM! A magnificent specimen of this rarity. Acquired as "VERY RARE" 2 years ago at 150.00

536. 1858 GLITTERING BLUE AND GOLDEN PROOF. A MAGNIFICENT SPECIMEN OF THIS, THE FIRST YEAR PROOFS WERE SOLD TO COLLECTORS AT PUBLIC SALE! Only 80 proof sets were sold! Of these few, only an infinitesimal amount still remain uncleaned or "improved" a century later. The similarly choice Merkin Sale coin 2 years ago realized 450.00

537. 1858-S Bluish golden Uncirculated but its porous planchet (visible only under a glass) keeps us from using the word "choice". NOT IN THE REMARKABLE MERKIN SALE DIME COLLECTION (April, 1966). The Mint figures indicate 10,000 fewer were struck than the 1856-S! According to rarity and records, this coin should be worth 300.00

DIMES 1853-1873 (Cont.)

538.	1858-O Bluish UNCIRCULATED SHARP STRUCK! LOW MINTAGE! The gem 1858-O Merkin Sale coin 2 years ago realized	155.00
539.	1859 GLITTERING BLUE AND GOLDEN PROOF WITH WIRE EDGE! A MAGNIFICENT SPECIMEN POPULAR AS A "TYPE" COIN (1860 different type). In this remarkable condition, easily worth	250.00
540.	1859-O Bluish Uncirculated, pinpoint nick. Low mintage. The Merkin Sale gem specimen 2 years ago realized \$115; this one probably worth around half.	
541.	1860-S Near Uncirculated. Scarce so choice.	100.00
542.	1860 LEGEND ON OBVERSE, GOLDEN PROOF. CATALOGS	95.00
543.	1860-O Lot 337 of Penn-Ohio convention sale (Oct. 1961) described there "Very small mintmark. Last date before the Confederate siezed the mint. Ext. Fine." Bid-in there (6½ years ago) at \$385; the Merkin Sale coin 2 years ago Uncirculated realized \$2300; this specimen probably worth	750.00
544.	1861 BLUISH GOLDEN PROOF. Catalogs	95.00
545.	1861-S Bluish golden Uncirculated, usual strike with head-band not fully struck up (analagous to usual strike and FULL HEAD Liberty Standing Quarters). RARE. "Only two mint state ones reported and all others seen are well worn." (From Merkin Sale description). The Merkin Sale specimen was Extremely Fine, and realized \$80 two years ago; surely this much choicer specimen worth at least	150.00
546.	1862 GLITTERING BLUE PROOF WITH SLIGHT GOLDEN TINT. It is a pleasure to catalog "virgin" uncleaned proofs. ONLY 550 STRUCK!	125.00
547.	1862-S Virtually Uncirculated (nearly FULL HEAD but light short scratch in field visible with glass) very sharp "s" (scarce). The Merkin Sale coin was described "For the coin, better than VF, not well struck up on head, but a full head coin for any date of Liberty Seated dime after 1840 is a rarity. Almost unobtainable finer than this." That specimen 2 years ago realized \$47.50; surely this "almost unobtainable" condition specimen worth at least	125.00
548.	1863 GLITTERING GOLDEN PROOF WITH WIRE EDGE! Another "virgin" rescued from the "clean and scrub specialists". ONLY 460 STRUCK! The rarest proof date of this design. The Merkin Sale specimen 2 years ago realized \$125; this premium specimen surely now worth more.	
549.	1863-S Sharp "s" and 90% FULL HEAD, UNCIRCULATED with lovely patina. LOW MINTAGE. The Merkin Sale coin "gem unc., nearly full head; unheard-of condition for this date and mintmark" realized (2 years ago)	210.00
550.	1864 BRILLIANT SLIGHTLY GOLDEN PROOF WITH WIRE EDGE! A magnificent specimen of this LOW MINTAGE coin. The Merkin Sale coin 2 years ago realized	140.00
551.	1864-S Sharp "s" and 80% FULL HEAD, bluish golden UNCIRCULATED. The choice Merkin Sale coin 2 years ago realized	180.00
552.	1865-S Virtually Uncirculated, only barest friction. SCARCE. Seldom offered better than very fine.	100.00
553.	1866 GLITTERING BLUE AND GOLDEN PROOF WITH WIRE EDGE! Another beauty rescued from the "improvers". A highly coveted VERY LOW TOTAL MINTAGE. The Merkin Sale coin 2 years ago went "very reasonably" at	105.00
554.	1866-S STRONG "s", extremely fine. Rare so choice.	100.00
555.	1867 GLITTERING GOLDEN PROOF WITH WIRE EDGE! A PRISTINE EXAMPLE OF THE SMALLEST TOTAL ISSUE OF ALL THE LIBERTY SEATED DIMES! In addition, it is the RARE RE-ENGRAVED DATE variety. Easily worth over	150.00
556.	1867-S Sharp "s", 90% FULL HEAD, bluish UNCIRCULATED. The Merkin Sale coin 2 years ago realized	115.00
557.	1863 PERFECT BRILLIANT PROOF! How many of the 600 struck 90 years ago can still be in this pristine condition? Surely the catalog value of \$95 must be disregarded for a premium specimen such as this.	
558.	1869 GLITTERING BLUE AND GOLDEN PROOF WITH WIRE EDGE AND HIGH BROAD BORDERS BOTH SIDES! A PRISTINE SPECIMEN WITH REMARKABLY SHARP IMPRESSIONS! 600 Struck but only a very few still remain in pristine condition. A premium coin worth over its catalog value of	95.00
559.	1869-S STRONG "s", 75% FULL HEAD, golden UNCIRCULATED. Rare thus! Easily worth	100.00

560. 1870 BLuish GOLDEN PROOF. It is a joy to catalog uncleaned coins. Cat. 80.00
561. 1870-S STRONG "s", 50% HEAD (usual strike) golden patina, UNCIRCULATED. RARE. The choicer Merkin Sale coin 2 years ago realized \$400; this one worth over its low catalog value of 275.00
562. 1871 LOVELY BLENDED BLUE, GOLD & PURPLE PROOF WITH WIRE EDGE! Those collecting only "brilliant proofs" don't know what they are missing in passing up pristine original toned specimens such as these. An outstanding artist could not impart more beauty in the subtle colors on these "virgin" proofs. A premium specimen which should exceed its catalog value of 80.00

563. 1871-CC STRONG "cc", not too far from Uncirculated with only nominal wear on highest points. NOT IN MERKIN SALE! Seldom offered, and then generally in the lower conditions. VERY CLOSE IF NOT ACTUALLY "CONDITION CENSUS." Easily worth over 1,000.00

564. 1872 Golden UNCIRCULATED SHARP STRUCK GEM! A premium specimen worth over its catalog of only 30.00

565. 1872-CC STRONG "cc", 90% FULL HEAD, golden UNCIRCULATED! VERY RARE IN THIS REMARKABLE CONDITION! Superior to the "EF-AU" Merkin Sale specimen. Acquired 2 years ago as "FINEST KNOWN OR EQUAL TO IT" at \$1,000; could now exceed 1,200.00

566. 1873 No Arrows, BRILLIANT SLIGHTLY BLuish PROOF. Only 600 struck! A premium specimen worth over its low catalog value of \$85; the Merkin Sale coin 2 years ago realized 87.50

ARROW DIMES 1873-1874

567. 1873 Bluish golden Uncirculated, porous planchet. Catalogs 140.00

568. 1873-CC STRONG "cc", 90% FULL HEAD, top left leaf not fully struck up, golden UNCIRCULATED! AN OUTSTANDING RARITY! The Merkin Sale coin was "Very Fine, planchet somewhat on the rough and porous side as on a considerable number of CC silver coins of the 1870-74 period. This piece could well be second finest known, exceeded only by WGC 795, and far ahead of all others yet seen in grade. As the average grade for 1873-CC is Good to VG, and the single uncirculated specimen - now unobtainable - would soar at auction, this coin may well approach or reach the four figure mark (\$1000)." This specimen, acquired about 2 years ago as "SECOND FINEST KNOWN AND BEST CONDITION SPECIMEN AVAILABLE TO COLLECTORS" cost \$1750; probably now worth closer to 2,500.00

569. 1873-S Strong "s", virtually Uncirculated, only slight friction. Scarce. Catalogs unc. 135.00
570. 1874 BLuish GOLDEN PROOF WITH PARTIAL WIRE EDGE! A popular "type" coin. The Merkin Sale coin 2 years ago realized 520.00

571. 1874 ERROR with ONLY LEFT ARROW (right arrow missing) very fine. Acquired 7 years ago as "ONLY SPECIMEN SEEN" at \$500; probably now worth closer to 1,000.00

572. 1874-S Strong "s", 80% FULL HEAD, glittering golden UNCIRCULATED, pin-point nick takes it out of "gem" class. Small issue. Merkin sale coin 2 years ago realized 220.00

ARROW DIMES 1873-1874 (Cont.)

573. 1874-CC Virtually Uncirculated, only slight friction, pinpoint nick. ONLY THE FIFTH SPECIMEN WE HAVE HANDLED IN ALL OUR THIRTY-FIVE YEARS AS PROFESSIONAL NUMISMATISTS! Many times rarer than the other CC dimes (except for the unique 1873-CC no arrows)! Acquired 2½ years ago "EXCESSIVELY RARE" at \$1150; we believe it should now realize over	1,500.00

CONFEDERATE COINS, ETC.

745.	1861 CENT, RESTRIKE IN SILVER, GLITTERING BLUE AND GOLDEN PROOF! A LOVELY SPECIMEN OF THIS GREAT RARITY! ONLY 12 STRUCK OF WHICH ONLY 8 ARE PRESENTLY SAID TO BE KNOWN! AN EQUAL SPECIMEN PERHAPS EXISTS BUT NOT A SUPERIOR ONE AFTER NEARLY A CENTURY! In an Empire Coin Co. (N.Y.) envelope marked "Copper sold for \$2500.00". In checking records, we note the Egolf specimen in copper in a New York City public sale (Metropolitan New York Convention, May, 1961) realized \$1700.00. The \$2500.00 sale probably took place later in 1961 or perhaps 1962. This silver specimen acquired late 1962 at	3.250.00

CONFEDERATE COINS, ETC. (Cont.)

|------|--|----------|
| 746. | 1861 CENT, RESTRIKE IN COPPER, REDDISH BROWN PROOF. CHOICER THAN MOST OF THOSE REMAINING OF THE 55 STRUCK IN THE 19TH CENTURY. In an Empire Coin Co. envelope with its cost price of \$1625.00 when it was acquired in 1960. Since then, there is the Egolf record of \$1700.00 in 1961 and the Empire record of "Copper sold for | 2,500.00 |
| 747. | 1861 HALF DOL. Restrike, typical striking of this 19th Century restrike by Scott, Liberty Seated obverse flattened on high points by pressure of the die when the Confederate reverse was struck. The Confederate side is a lovely sharp strike while the Liberty Seated side is flattened on high points. Bluish golden patina. Catalogs v.f. \$390 and unc. \$675, this worth about | 550.00 |
| 748. | 1861 Scott Token, Confederate reverse, struck at the same time as the half dol. restrike. A LOVELY PROOF! | 175.00 |
| 749. | Duplicate Scott token, usual specimen, average strike with patina. | 120.00 |
| 750. | 1861-O Regular U.S. dies, STRUCK BY CONFEDERACY after seizure of the New Orleans mint! Diagnostic die break from Liberty's nose to edge. In Empire Coin Co. envelope marked "1861-O E.F. (Confed) die break 50c \$250.00." Since this coin was acquired late in 1961, the price was probably arrived at considering the \$280 realized for the choicer Egolf specimen sold in a New York sale earlier in 1961. | |
| 751. | "Unique Civil War Souvenir, made with two U.S. half-dimes & ebony rim. Half-dimes & ebony are machine lathed. Obverse: Inscription in ebony rim "Made & Engraved In The Military Prison Sept. 1862 (Star)". Inscription in machined half-dime "I.B. Moulton Imprisoned by the U.S. Aug. 1862". Reverse: Fifteen stars at top in ebony rim. Inscription in machined half-dime "In The Gratiot St. Military Prison-St. Louis, Mo." The engraver did fine work on this historical piece and it was purchased from his decendant Mr. J. Powell (now deceased) in 1956 in Jefferson City, Mo." The above accompanies this piece. The present owner paid \$250 some years ago; what its present value might be is purely conjecture. | |
| 752. | 1860 Civil War Token, "1860 NO SUBMISSION TO THE NORTH" around palm tree, stars, cannon, etc. Rev. "THE WEALTH OF THE SOUTH, Rice Tobacco Sugar Cotton" around these plants, brass, very fine. The last such specimen we had sold at | 75.00 |
| 753. | \$10 1864 February 17th UNCUT SHEET 8 CONFEDERATE CURRENCY, new. Acquired 4 years ago at | 100.00 |
| 754. | "ORIGINAL CONFEDERATE SEAL" at top, "FOR PRESENTATION TO CONFEDERATE GOVERNMENT OFFICIALS" at bottom of plastic containing seal, impression in bronze. "The Confederate States Of America: 22 February. 1862 * Deo Vindice *" around Washington on horse surrounded by wreath. On back appears the price of | 175.00 |

1861 UNIQUE DOUBLE STRUCK (INVERTED) CONFEDERATE HALF DOL.

754A. 1861 DOUBLE STRUCK LIBERTY SEATED SIDE with SECOND IMPRESSION COMPLETELY INVERTED. Scott then used this **FANTASTIC U.S. MINT ERROR TO IMPRESS THE CONFEDERATE DIE ON THE REVERSE IN HIS CONFEDERATE RESTRIKING!** THIS UNIQUE SPECIMEN HAS THE TWO TINY IDENTIFYING MARKS ON THE CONFEDERATE SIDE (by Liberty Cap and below wreath) and is **UNCIRCULATED**. An article by the well known authority, W. A. Philpott, Jr. concerning this remarkable coin appeared in the April, 1950 Numimatist (reprinted in **SELECTIONS FROM THE NUMISMATIST, UNITED STATES PAPER MONEY and MISCELLANEOUS**). We quote these pertinent excerpts:

"The re-strike pictured herewith is one with a perfectly double-struck obverse. The date 1861 shows plainly at the top and bottom. The figure of Liberty, with all her details of dress, are perfectly superimposed. Even the stars "pile up" in proper position. In other words, the obverse shows a perfectly mis-struck or double-struck coin. This **UNIQUE** restrike evidently was struck early among the 500 pieces, as there is not the least sign of deterioration of the die -- every line being clear and well struck up. The half dollar shown herewith weighs the customary 185 grains (192½ grains in the standard piece). It has the usual flattened reading on the edge, but the double-struck obverse does not show "flattening to the degree noticed in many re-strikes."

The envelope containing the coin is marked "\$10,000.00 1962." In checking sales of that period, we note the New York Metropolitan Convention Sale (April, 1962) contained the virtually complete half dollar collection of Mr. Cox but did not contain this coin. The 1838-O in the Cox collection (20 specimens struck) realized \$9,500.00. The recent Charles Jay collection sale (New York, October, 1967) also contained a specimen of the 1838-O, which realized \$14,000.00. Surely this **REMARKABLE UNIQUE RARITY** now worth over \$15,000.00. As, B. Max Mehl (Ft. Worth) would comment ,this rarity should give the new owner excellent dividends, both in pleasure of ownership and monetarily.

1849-1850 CALIFORNIA GOLD PATTERNS

841. 1850 BALDWIN & CO. \$10 HORSEMAN TYPE, quite similar to regular dies used for type placed in circulation but slight differences, uncirculated, gold-plated rather than solid-gold (judging from its weight). The catalog lists the regular dies variety as having brought \$7,500.00 in a 1963 public auction sale. The Walton coin in October 1963 realized \$8,000.00. This specimen was acquired from a leading Ohio dealer over 3 years ago at 1,450.00
842. "A.D. 1850 CALIFORNIA GOLD MINES" around 2 dancing bears, rev. "CALIFORNIA GOLD MINES 1850", \$20 size, reeded edge, gold-plated (judging from its weight) very fine. Listed in Adams' book on CALIFORNIA GOLD. Acquired over 3 years ago at 500.00

843. 1849 MASSACHUSETTS & CALIFORNIA CO. around wreath, "FIVE D." in center removed but balance of that side very fine, obv. shield containing cowboy and supported by bear and stag, very fine and sharp, pleasing patina, struck in copper, Adams 37. The catalog lists the gold variety as last selling at the Waldorf Sale 1964 in proof at \$8,750.00. We note the 1965 Waldorf Sale (March 11) had a copper specimen similar to this one (in about very fine) valued at \$1000.00 and it realized \$900.00; this sharper specimen acquired from Empire Coin Co. (N.Y.) surely worth over 1,000.00

1795 HALF DOLLAR VARIETIES

Attributed by the Overton book.

1098.	1795 Overton 11, knob to top of "B" in LIBERTY, 10x7 berries, very good. Overton "RARE".	250.00
1099.	1795 Overton 23, Re-Engraved 9 in date, 9x8 berries, extremely fine with sharp even strike, however a glass reveals some light lines on obverse. Overton "VERY RARE".	1,250.00
1100.	1795 Overton 27, Double Cut Date, 3 LEAVES UNDER EACH WING, acquired as "Very Fine For Coin". We prefer to grade it as fine and sharp obverse, very fine reverse. Overton "EXTREMELY RARE". Only the one 3 leaves reverse die making it a "type" coin and listed as such in the Guidebook. In checking records of the past 35 years as professional numismatists, we note the majority of the few specimens offered seem to be in good to very good condition. Perhaps the die break on the reverse caused a higher than normal wear, as well as being the reason for the early discarding of the of the die. Acquired 10 years ago in 1958 at \$850; unlike the other dates and varieties which seem to change in value from year to year in the Guidebook, evidently too few specimens are offered in recent years on which to base a change in value. Surely this rarity now worth closer to	1,100.00

1101. 1795 Overton 46, Bearded Chin variety, 9x8 berries, **UNCIRCULATED WITH LIGHT GOLDEN PATINA!** Under a glass, evidence of faint "mint equalization lines", feathers on eagle's breast visible (most unusual), altho typical (but only slight) flattening, stars at left more full than right stars (typical of this variety). Overton **"VERY RARE."** **UNDOUBTEDLY "CONDITION CENSUS"!** Could very well be the **"FINEST KNOWN"** as claimed by owner. Since we do not have an exact description of all the top-condition specimens known, we cannot dispute this claim. Acquired at \$2,500; we believe its present value to be closer to 3,500.00

1102. 1795 Overton 64, first star pierces open curl, 7x9 berries, different style bust than on most varieties, fine, struck from slightly dished dies resulting in eagle being closer to very good but wreath and "United States Of America" being closer to very fine. Overton **"EXTREMELY RARE"**. Far superior to the Overton plate coin! Easily worth over 550.00

1796 HALF DOLLAR, 16 STARS

1103. 1796 16 Stars (Tennessee became a state in 1796). The excessively rare early die state without die breaks. Acquired 4 years ago in a sale described as "Type III (1796 15 stars and 1797 15 stars are type II) FRACTION $\frac{1}{2}$ ", about Uncirculated, only a slight amount of wear, pleasing blue and golden color. **THE RAREST TYPE HALF DOLLAR! MUCH RARER THAN 1796 15 STARS (15,000.00).** The present owner paid \$10,500.00 then (4 years ago). **UNDOUBTEDLY "CONDITION CENSUS"!** We have never seen a full uncirculated specimen of this great rarity in all our thirty-five years as professional numismatists, therefore this could very well be **"THE CHOICEST OBTAINABLE SPECIMEN"** as claimed by the owner. The "WORLD'S GREATEST COLLECTION OF U.S. SILVER COINS" (sold N.Y. sale 1945) contained two specimens of the 1796 15 stars uncirculated but only had the single 16 stars variety which was "very good to fine and very rare." Mr. F.C.C. Boyd (the owner of this fabulous collection) literally spared neither time or money to obtain the finest possible specimens. He had his pick from the fantastic Brand and Colonel Green holdings. In view of this, and all the records of past sales and offerings going back many years, we must conclude that this is literally. **"THE CHANCE OF A LIFETIME"**. We believe this remarkable specimen to easily be worth the estimated value 4 years ago of \$15,000.00, and in all probability, over 17,500.00

1797 HALF DOLLAR, 15 STARS, $\frac{1}{2}$ "

1104. 1797 15 Stars (engraved early 1796 before Tennessee became a state, but without date; date probably added in 1797 to hurriedly fill an order for a limited production). Acquired as **"Extra Fine"**, the reverse would probably just about qualify, however the obverse stars at left are a bit sharper than the stars on right (which appears typical of this date). Overton 3 variety with interesting die breaks. Acquired 4 years ago at \$4,750; probably now worth over 6,000.00

1801-1805 HALF DOLLARS, LARGE HERALDIC EAGLE

1105.	1801 Overton 2, ONLY 12 ARROWS, near Uncirculated, bluish gray patina. One of the choicest specimens we have seen! UNDOUBTEDLY, "CONDITION CENSUS"! An outstanding rarity so choice! Acquired just about 4 years ago at \$1,000; surely this remarkably choice specimen now worth over	1,250.00
1106.	1805 OVER 4, Overton 4, close date, very fine, edge nick, typical strike with star above eagle weak. Overton "RARE".	250.00

1111.	1807 Overton 31, SMALL STARS, UNCIRCULATED WITH ATTRACTIVE PATINA, Raised obverse and reverse Edges with NICE SHARP IMPRESSION and DEEP SERRATED BORDERS! Acquired as "CONDITION CENSUS" which it undoubtedly is; perhaps it is even "Among Top Three In Condition" as claimed by owner. Easily worth over \$500; perhaps closer to	600.00
-------	---	--------

1112.	1808 OVER 7, near Uncirculated, bluish golden patina. Overton "SCARCE".	125.00

1125.	1812 Very faint clash marks below bust, below BUS and M on scroll, BRILLIANT SLIGHTLY GOLDEN UNCIRCULATED GEM, reverse Rotated about 10%. Easily worth	250.00

1126.	1813 Overton 2, UNI inverted at 50C, clash marks below bust, virtually Uncirculated, only barest friction. Overton "RARE". What few specimens we have seen over the years of this "naked-eye" variety, have been nearly all in the lower grade. We believe this choice specimen to be "CONDITION CENSUS"!	500.00

1929 FEDERAL RESERVE BANK NOTES

STONE MONEY FROM ISLAND OF YAP

1802. Roughly 10 inch circular stone money with hole thru center and mounted on wooden display holder. "Stone Money called FAE, is the best known of all the curiosities of currency. These circular wheels or Mill Stones are also called Palan in the Island by the natives, and are made from Aragonite, which is a variety of Lime Stone found on Babelthuap, one of the Islands in Pelews which are in the Caroline group. The nearest island in which Aragonite is found is reported to be some 400 miles from the Island of Yap in this group. They vary in size from a few inches to 10 or 12 feet across, and are quarried in the pits and ferried across on rafts to form the Yap currency. Each stone has a hole in its center so that it may be carried on a pole. This particular specimen was the one personally owned by Holland A. Davis, for many years secretary of the American Philatelic Society. Mr. Davis's son informed me at the time I acquired this specimen from his Estate that this piece of Stone Money was obtained by Holland Davis personally in the Island of Yap". The above on Leo A. Young stationery and signed by Young. The present owner paid \$750; surely it should now exceed 1,000.00

WALRUS TUSK MONEY

1803. 11 Inch Walrus tusk. On same Young letter appears the following: "Ivory has long been sought after by natives the world over since it lends itself so readily to carving. Eskimos in the Arctic wastes use Walrus Tusks such as this one. Used as barter money by natives who while away many hours on carvings and native art. Cost 175.00

IMPORTANT MESSAGE

For years we have counseled and helped advise those wishing to acquire coins and currency as an investment. We define investors as those willing to adopt a program envisioning a minimum of several years. Suffice to say — that in our thirty-five years as professional numismatists the results have been most gratifying.

We believe the various reference books are excellent guides — BUT ONLY THAT. We doubt if an intelligent person would attempt to become his own "lawyer" after reading a law book, or give himself medical treatment after reading a medical book.

Why then would an intelligent collector, who devotes himself part-time to numismatics, feel he would be as well equipped to give the best answers in building a numismatic investment as part of his estate, compared to a PROFESSIONAL WHO HAS DEVOTED OVER A THIRD-OF-A-CENTURY TO THE STUDY AND RESEARCH OF NUMISMATICS AS A FULL-TIME PROFESSION.

The very nature of this type of PERSONAL COUNSELING (A. M. or Paul Kagin) precludes it becoming a widely offered service. We are prepared, at this time, to continue offering this service to an additional few discriminating collectors as replacements for the normal attrition which has transpired during the past year.

We feel the experience gained in cataloging over 275 sales (a record that speaks for itself) enables us to offer the ultimate in counseling service.

The relationship with our clients is (as has always been our policy) of a fiduciary and confidential nature.
